(Page 2) Foster Parent Profile

Name: _____

Please initial the following:

Camano Animal Shelter allows its foster homes first choice to adopt an animal. If the fostered animal is not adopted by the fostering family the animals must be returned to the shelter and ready for adoption by the agreed upon date. _____

I agree to bring the animal back to the shelter for regularly scheduled vaccines/tests/ vet appointments or during regular open hours of the shelter if the animal is available for adoption. _____

I agree to keep Camano Animal Shelter informed of any health concerns the animals may develop and bring the fostered animals to the shelter for any necessary veterinary appointments _____

Additional comments: preference for fostering cats, kittens, dogs, puppies?

Signature of person submitting application _____

Date of Application _____

Home check Notes Date of Homecheck _____ Approved _____

- ❖ Vaccine Records for resident animals: current? y/n
- ❖ Area where animals will be kept. Need to separate animals especially unvaccinated puppies and kittens.
- ❖ Crate training of puppies/ litter box training of cats. Gradually add more freedom until they are reliably housebroken.
- ❖ CASA will call when animals need to be brought back for vaccinations or testing.
- ❖ When animals are brought back for adoption, any information you can provide about them is extremely helpful when they are listed on petfinder and when describing their personalities to potential adopters.

Mama/kittens
Mama/Puppies
Kittens > 5 weeks

Handfeeding kittens
Socializing kittens
Adult Dogs M/F or either
